Kannur, Kerala – 670611

Professional Summary

B.Tech Computer Science and Engineering graduate focused on MERN stack and full-stack web development, with hands-on experience in JavaScript, React.js, Node.js, Express.js, MongoDB, and RESTful APIs. Skilled in building responsive web applications, reusable UI components, CRUD operations, frontend–backend integration, and database-driven applications. Currently developing a real-world MERN project involving authentication, API development, database management, and image uploads, with strong problem-solving skills and a willingness to learn.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, Redux, Bootstrap, Tailwind CSS, Responsive Web Design, DOM Manipulation, UI/UX
Backend Development: Node.js, Express.js, Python, Flask, RESTful APIs, API Integration, Frontend–Backend Integration
Databases: MySQL, SQL, MongoDB
Web & API Technologies: Fetch API, Axios, JSON, Promises, Async/Await
Programming & Core: JavaScript, Python, C, Java, Object-Oriented Programming (OOP), Data Structures & Algorithms, DBMS, SDLC
Tools: Git, GitHub, Debugging

PROJECTS

Refugee Resettlement and Integration System

- **Tech Stack:** HTML, CSS, Flask, Node.js, MySQL, Machine Learning
- Developed a full-stack platform with skill-based job recommendations; integrated MySQL and optimized modules through testing and debugging.

Voice Cloning System – Deep Learning Project

- **Tech Stack:** Python, Flask, PyTorch, XTTS-v2, MySQL
- Developed an AI-powered voice cloning application integrating XTTS-v2 with Flask for speech generation from cloned voices.
- Implemented audio preprocessing and performance optimization to improve speech-generation reliability.

INTERNSHIPS

Python Developer Intern | Quest Innovative Solutions Pvt. Ltd Dec 2024

- Showcased strong dedication and adaptability while delivering Python-based solutions and continuously upskilling.

Python Flask Developer Intern | Crudops Pvt.Ltd Dec 2025

- Developed backend components using Python and Flask, including routing and template rendering.
- Assisted with basic database integration, debugging, and followed standard software development practices.

EDUCATION

B.Tech in Computer Science Engineering May 2026
Vimal Jyothi Engineering College, Kannur | CGPA: 7.01

Higher Secondary School Jul 2021
AKG Memorial Government Higher Secondary School, Kannur, Kerala | 94.9%

High School Jul 2019
Koodali Higher Secondary School, Kannur, Kerala | 100%

CERTIFICATIONS

- MEARN Stack Development (Ongoing) | Luminar Technolab
- Introduction to Data Analytics | IBM (Coursera)
- Explore Machine Learning Using Python | Infosys Springboard
- Cyber Forensics Add-on Course | MIBIZ Cyber Forensics Laboratory

PERSONAL ACHIEVEMENTS

- Participated in the First AI/ML Challenge of IIT Madras Shaastra Techathon 2024.
- Served as a Subcoordinator in an event during National Level Tech Fest 2024 at Vimal Jyothi Engineering College.
